TOASTED COCONUT

Using an amped up version of our gold medal-winning brown ale, we layered in toasted coconut, cocoa nibs, and Papua New Guinea Arabica coffee beans in addition to carefully chosen caramel and roasted malts. The impression is a warming 13% silky brew that layers dessert-like flavors and a bit of residual malt sweetness to balance the alcohol. Nuanced nuttiness and toffee candy dance on the rim at the finish.

Featured Ingredients: Toasted Coconut, Cocoa Nubs & Whole-Bean Coffee.
