## WHAT'S IN THE BOX

4 **cali creamin'** *Peaches & Cream* 4 **cali creamin'** *Vanilla Cream Ale* 4 **cali creamin'** *Creamsicle*

Building on Cali's base, we add a delicious peach flavor and a bit of lactose to create a liquid version of grandma's peach cobbler.

Our flagship ale has redefined the category and made a classic style cool again. It's like cream soda, but for adults.

We put an even more nostalgic twist on the original, with a distinct orange cream flavor that finishes slightly sweeter than its Cream Ale counterpart.
